

## **Subalipack Anti-bribery Statement**

## Anti-bribery Requirement on Supply Chain Process.

Subalipack mitigates the risk of bribery and corruption in our Supply Chain. Corruption, bribery or attempted bribery is unacceptable. This applies whether offering a bribe or accepting a bribe. It is against our core values of conducting business to the highest legal, moral and ethical standards. Bribery and corruption are covered by various international laws and statutes.

## Anti-bribery and Anti-corruption management

Subalipack is committed in fighting against bribery and corruption at all levels; including within the organization and to external parties, such as supply chain members. We will not tolerate bribery and corruption. This is communicated to our service providers through our SLA, email communication and Anti-bribery and anti-corruption charter and Code of Conduct which can be found on our communication channel.
